About iMindQ

iMindQ® is a mind mapping solution which enables visualization of ideas, inspires creativity, stimulates thinking and brainstorming, provokes innovation, project planning, conceptualization and modeling of processes.

What's new in iMindQ 9.0?

iMindQ Mac 9.0 introduces a new GUI. The redesign of the GUI aims to streamline the mind mapping experience of the users.

New Feature:

- GUI redesign

Improvement:

- Chinese translation

With the ribbon simplification and new icons implemented in iMindQ, you can create mind maps and concept maps within several seconds.

With just few simple clicks, you can fully create and customize the looks of the maps.

The new GUI is a re-imagination of what users already love.

**VASTLY ENHANCE
THE MIND MAPPING
EXPERIENCE**

Instead of losing time when creating your content, now you can navigate through the application ribbons with ease.

In addition, all functionalities are regrouped in order to help you get started with mind mapping faster than ever before.

Creating and customizing your maps has never been easier.

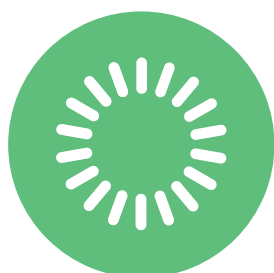

With the additional improvements, you can make everything more manageable, save time and make you and your team perform better than ever.
