## About iMindQ

iMindQ® is a mind mapping solution which enables visualization of ideas, inspires creativity, stimulates thinking and brainstorming, provokes innovation, project planning, conceptualization and modeling of processes.

## Introduction

Bearing in mind that transparency is one of the core values behind iMindQ, this document contains all of the features of the official releases of the application.

With the help of this document, users will be able to browse through the development history of their favorite mind mapping software.
